### Lab and Subject Matter

**What was the overall quality of this lab?** Good

**How confident are you in the teaching assistant's (or lab faculty's) knowledge of the subject matter of this lab?** Good

### Core Humanities 212

**How well did taking this course improve your ability to express ideas clearly and persuasively, using relevant evidence to support their arguments?** Good

**How well did taking this course improve your ability to analyze primary source texts with attention to content, historical and cultural context, and rhetorical techniques?** Good

**How well did taking this course improve your ability to trace the sources and development of European intellectual, scientific, and technological traditions and institutions as well as their social, cultural, and historical impacts, with attention to the diversity of global experiences and voices that shaped them?** Good

**How well did taking this course improve your ability to identify how arts, technologies, scientific discoveries, political ideologies, and globalization contributed to modern and contemporary identities?** Good

**How well did taking this course improve your ability to connect the beliefs, values, and actions of past generations to contemporary conditions?** Good

**How well did taking this course improve your ability to describe European interactions with other parts of the world and explain how interregional cultural connections, economic ties, military conflicts, and scientific and technological developments shaped ideas, beliefs, and values in the modern and contemporary world?** Good

**Approximately how much of the work assigned in this course did you** 80-100%

complete (including class attendance, readings, written assignments, and other course requirements)?

## Guidelines for Evaluating Student Work (Lab)

How clear were the teaching assistant's (or lab faculty's) expectations and guidelines for evaluating student work? Mostly clear

## Application of Evaluation Standards (Lab)

How fair was the application of evaluation standards? Mostly fair

## Teaching (Lab)

What was the overall quality of the teaching assistant's (or lab faculty's) teaching? Good

Please provide your thoughts on the teaching assistant (or lab faculty), including strengths and areas for possible improvement.

Please provide your thoughts on the lab as a whole, including strengths and areas for possible improvement.

How well did this lab complement and support the overall course material? Good

## Learning Outcomes (Lab)

How well did the syllabus and the teaching assistant (or lab faculty) convey course expectations and learning outcomes? Good

How well did the lab help you achieve these learning outcomes? Good

## Core Objective 5

This course satisfies Core Objective 5 (History & Culture). How well did the syllabus and the instructor convey this objective: Students will be able to describe the processes by which past and present societies have been created and perpetuated through their history, ideas, and cultural products. Students will engage both historical and contemporary cultural texts through critical reading, analysis, and interpretation in the context of culture, society, and individual identity? Good

How well did the course help you achieve this specific Core Objective? Good

## Core Objective 9

**This course satisfies Core Objective 9 (Science, Technology, & Society). How well did the syllabus and the instructor convey this objective: Students will be able to connect science and technology to real-world problems; distinguish between sound and unsound interpretations of scientific information; employ cogent reasoning methods in examinations of problems and issues; and understand the applications of science and technology in societal context?**

I like how you didn't force people into participation like Dr. Walker did and you seemed to understand some people were there because they were required to be there. I do think it was nice of you to end lab early sometimes, and you were always there to answer questions. In other words, I liked how we could learn a lot if we wanted to put the effort in, but you didn't force us to.

Please provide your thoughts on the lab as a whole, including strengths and areas for possible improvement.

It would be nice if it was not mandatory. I think that the labs should be an optional supplement like lecture.

## Application of Evaluation Standards (Lab)

How fair was the application of evaluation standards? Mostly fair

## Teaching (Lab)

What was the overall quality of the teaching assistant's (or lab faculty's) teaching? Exceptional

Please provide your thoughts on the teaching assistant (or lab faculty), including strengths and areas for possible improvement.

Carlos obviously has a lot of knowledge pertaining to the subjects covered in class. This was really helpful because it allowed us to connect the stuff we were learning and reading to outside information that would help us understand it better.

Please provide your thoughts on the lab as a whole, including strengths and areas for possible improvement.

The discussion section was really helpful. The discussion allowed students to talk about their own interpretations and opinions regarding the subject material. It was helpful in hearing other people relate the material to other stuff they have learned because, personally I don't have background knowledge on the material, so it helped hearing some more information as to why certain things were happening.

How well did this lab complement and support the overall course material? Exceptional

## Learning Outcomes (Lab)

How well did the syllabus and the teaching assistant (or lab faculty) convey course expectations and learning outcomes? Exceptional

How well did the lab help you achieve these learning outcomes? Exceptional
