## Weekly Assignment 1

Select a code of ethics. In 250 words or less, identify an underlying value these principles can be taken to support. Explain how the code espouses that value and analyze whether it succeeds at being an effective and effective at addressing that value. If it fits into one of the ethical theories in Chapter 2, say which theory and explain how it does so. (HINT: Read chapter 2 first.)

Select from:

[Hippocratic Oath](#)

[Nuremberg Code](#)

[WMA- Geneva Declaration of Medical Ethics](#)

[The Chemist's Code of Conduct](#)

[UNESCO Declaration on Science](#)

[The Singapore Statement on Research Integrity](#)
